

WE ENJOY WORKING ON CHALLENGING AND INNOVATIVE PROJECTS. YOU ALSO?

SPIE Wind is part of the Industry Service & Wind division of SPIE Germany & Central Europe.

More than 3,000 colleagues worldwide now belong to the division and together they form a powerful team for high-quality industrial services in the wind, water, energy, industrial and process industry segments. We stand for holistic solutions from planning and realization through installation, operation and maintenance to relocation and dismantling. We support our customers in meeting the challenges of digital transformation and ecological change in industry.

SPIE Germany & Central Europe is the leading independent multi-technology service provider for buildings, plants and infrastructures. With our broad technical expertise and as a reliable partner, we accompany our customers into a successful future.

Team leader for GE wind turbines (m/f/d)

(215)

 Place of employment: Bremen  Start of employment: As of now

Purpose and aim of the job

Take responsibility, drive technology forward, shape the future - as a team leader (m/f/d) for GE wind turbines.

Apply now - become part of the team.

What you can expect:

- Electrical and mechanical maintenance of wind turbines
- Repairs and retrofits on wind turbines
- Assembly work lasting several weeks
- Technical management and coordination of a service team on site
- Careful documentation of all work carried out in accordance with internal quality standards

What you need:

- Successfully completed training as an electrician (m/f/d), electronics technician (m/f/d), mechanic (m/f/d) or comparable
- Experience as a team leader and in service and maintenance of GE wind turbines
- Knowledge of medium voltage or generators/inverters desirable
- Switching authorization for medium voltage desirable

How to become part of the team:

- English skills required
- SCC/VCA certificate or GWO training desirable
- Class B driving license
- Team orientation, commitment and dedication

What we offer:

- The opportunity to further advance the renewable energy industry in the service sector - an industry with one of the highest expected growth rates in the coming years
- Project-related payment depending on qualifications and experience
- Fresh air and great prospects
- Opportunities to shape the future in a motivated, growing team
- Personal responsibility and varied activities
- Close support from project management
- Permanent employment contract with up to 30 days' vacation
- Extensive training and further qualification opportunities
- Individual health promotion through e.g. Hansefit and bicycle leasing
- Company social counseling
- High safety standards
- Employee recruitment program

Become part of a strong team and contribute your expertise where it really counts - we look forward to receiving your application!
